- (2) "Common-interest community" means a condominium, cooperative, or other real property with respect to which a person, by virtue of the person's ownership of a parcel of real property, is obligated to pay property taxes or insurance premiums, or for maintenance, or improvement of other real property described in a recorded covenant that creates the common-interest community.
- (3) "Environmental agency" means the District of Columbia's Environment Health Administration, or its successor, or a federal agency that determines or approves the environmental response project

pursuant to which the environmental covenant is created.

(4) "Environmental covenant" means a servitude arising under an environmental response project that imposes activity and use limitations.

(5) "Environmental response project" means a plan or work performed for environmental remediation of real property and conducted:

(A) Under a District or federal program governing environmental remediation of real property, including a cleanup action plan under § 8-633.03;

(B) Incident to closure of a solid or hazardous waste management unit, if the closure is conducted with approval of an agency; or

(May 12, 2006, D.C. Law 16-95, § 101, 53 DCR 1652.)

#### *HISTORICAL AND STATUTORY NOTES*

##### *Legislative History of Laws*

Law 16-95, the "Uniform Environmental Covenants Act of 2005", was introduced in Council and assigned Bill No. 16-147 which was referred to the Committee on Judiciary. The Bill was adopted on first and second readings on January 4, 2006, and February 7, 2006, respectively. Signed by the Mayor on February 27, 2006, it was assigned Act No. 16-290 and transmitted to both Houses of Congress for its review. D.C. Law 16-95 became effective on May 12, 2006.

##### *Uniform Law*

This section is based upon § 1 of the Uniform Environmental Covenants Act. See 13, Part 1, Uniform Laws Annotated, Master Edition, or ULA Database on Westlaw.

### **§ 8-671.02. NATURE OF RIGHTS; SUBORDINATION OF INTERESTS.**

(a) Any person, including a person that owns an interest in the real property, the environmental agency, or a municipality or any other unit of local government, may be a holder. An environmental covenant may identify more than one holder. The interest of a holder is an interest in real property.

(b) A right of an environmental agency under this chapter or under an environmental covenant, other than a right as a holder, is not an interest in real property.

(c) An environmental agency is bound by any obligation it assumes in an environmental covenant, but an environmental agency does not assume obligations merely by signing an environmental covenant. Any other person that signs an environmental covenant is bound by the obligations the person assumes in the covenant, but signing the covenant does not change obligations, rights, or protections granted or imposed under law other than this chapter except as provided in the covenant.

(d) The following rules apply to interests in real property in existence at the time an environmental covenant is created or amended:

(1) An interest that has priority under any other law is not affected by an environmental covenant unless the person that owns the interest subordinates that interest to the covenant.

(2) This chapter does not require a person that owns a prior interest to subordinate that interest to an environmental covenant or to agree to be bound by the covenant.

(3) A subordination agreement may be contained in an environmental covenant covering real property or in a separate record. If the environmental covenant covers commonly owned property in a common-interest community, the record may be signed by any person authorized by the governing board of the owners' association.

(4) An agreement by a person to subordinate a prior interest to an environmental covenant affects the priority of that person's interest but does not by itself impose any affirmative obligation on the person with respect to the environmental covenant.

(e) The Environmental Health Administration, or its successor, shall have regulatory authority over real property transfers from the federal government or a federal agency to a non-federal owner.

### **§ 8-671.03. CONTENTS OF ENVIRONMENTAL COVENANT.**

(a) An environmental covenant must:

- (1) State that the instrument is an environmental covenant executed pursuant to this chapter;
- (2) Contain a legally sufficient description of the real property subject to the covenant;
- (3) Describe the activity and use limitations on the real property;
- (4) Identify every holder;
- (5) Be signed by the environmental agency, every holder, and, unless waived by the environmental agency, every owner of the fee simple of the real property subject to the covenant; and
- (6) Identify the name and location of any administrative record for the environmental response project reflected in the environmental covenant.

(b) In addition to the information required by subsection (a) of this section, an environmental covenant may contain other information, restrictions, and requirements agreed to by the persons who signed it, including any:

- (1) Requirements for notice following transfer of a specified interest in, or concerning proposed changes in use of, applications for building permits for, or proposals for any site work affecting the contamination on, the property subject to the covenant;
- (2) Requirements for periodic reporting describing compliance with the covenant;
- (3) Rights of access to the property granted in connection with implementation or enforcement of the covenant;
- (4) A brief narrative description of the contamination and remedy, including the contaminants of concern, the pathways of exposure, limits on exposure, and the location and extent of the contamination;
- (5) Limitation on amendment or termination of the covenant in addition to those contained in §§ 8-671.08 and 8-671.09; and
- (6) Rights of the holder in addition to its right to enforce the covenant pursuant to § 8-671.10.

(c) In addition to other conditions for its approval of an environmental covenant, the environmental agency may require those persons specified by the environmental agency who have interests in the real property to sign the covenant.

### **§ 8-671.04. VALIDITY; EFFECT ON OTHER INSTRUMENTS.**

(a) An environmental covenant that complies with this chapter runs with the land.

(b) An environmental covenant that is otherwise effective is valid and enforceable even if:

- (1) It is not appurtenant to an interest in real property;

- (2) It can be or has been assigned to a person other than the original holder;
- (3) It is not of a character that has been recognized traditionally at common law;
- (4) It imposes a negative burden;
- (5) It imposes an affirmative obligation on a person having an interest in the real property or on the holder;
- (6) The benefit or burden does not touch or concern real property;
- (7) There is no privity of estate or contract;
- (8) The holder dies, ceases to exist, resigns, or is replaced; or
- (9) The owner of an interest subject to the environmental covenant and the holder are the same person.

(c) An instrument that creates restrictions or obligations with respect to real property that would qualify as activity and use limitations except for the fact that the instrument was recorded before May 12, 2006, is not invalid or unenforceable because of any of the limitations on enforcement of interests described in subsection (b) of this section or because it was identified as an easement, servitude, deed restriction, or other interest. This chapter does not apply in any other respect to such an instrument.

(d) This chapter does not invalidate or render unenforceable any interest, whether designated as an environmental covenant or other interest, that is otherwise enforceable under the law of the District of Columbia.

This chapter does not authorize a use of real property that is otherwise prohibited by zoning, by law other than this chapter regulating use of real property, or by a recorded instrument that has priority over the environmental covenant. An environmental covenant may prohibit or restrict uses of real property which are authorized by zoning or by law other than this chapter.

(2) Terminated by consent pursuant to § 8-671.09;

(3) Terminated pursuant to subsection (b) of this section;

(4) Terminated by foreclosure of an interest that has priority over the environmental covenant; or

(5) Terminated or modified in an eminent domain proceeding, but only if:

(A) The environmental agency that signed the covenant is a party to the proceeding;

(B) All persons identified in § 8-671.09(a) and (b) are given notice of the pendency of the proceeding; and

(C) The court determines, after hearing, that the termination or modification will not adversely affect human health or the environment.

(b) If the environmental agency that signed an environmental covenant has determined that the intended benefits of the covenant can no longer be realized, a court, under the doctrine of changed circumstances, in an action in which all persons identified in § 8-671.09(a) and (b) have been given notice, may terminate the covenant or reduce its burden on the real property subject to the covenant. The environmental agency's determination or its failure to make a determination upon request is subject to review pursuant to Chapter 5 of Title 2.

(c) Except as otherwise provided in subsections (a) and (b) of this section, an environmental covenant may not be extinguished, limited, or impaired through issuance of a tax deed, foreclosure of a tax lien, or application of the doctrine of adverse possession, prescription, abandonment, waiver, lack of enforcement, or acquiescence, or a similar doctrine.

- (1) The environmental agency;
- (2) Unless waived by the environmental agency, the current owner of the fee simple of the real property subject to the covenant;
- (3) Each person that originally signed the covenant, unless the person waived in a signed record the right to consent or a court finds that the person no longer exists or cannot be located or identified with the exercise of reasonable diligence; and
- (4) Except as otherwise provided in subsection (d)(2) of this section, the holder.

(b) If an interest in real property is subject to an environmental covenant, the interest is not affected by an amendment of the covenant unless the current owner of the interest consents to the amendment or has waived in a signed record the right to consent to amendments.

(c) Except for an assignment undertaken pursuant to a governmental reorganization, assignment of an environmental covenant to a new holder is an amendment.

(d) Except as otherwise provided in an environmental covenant:

- (1) A holder may not assign its interest without consent of the other parties;
- (2) A holder may be removed and replaced by agreement of the other parties specified in subsection (a) of this section; and
